OBJECTIVE

I'm a Full Stack Web Developer and BCA student at CCS University with hands-on experience building modern, responsive web applications. I specialize in JavaScript and the MERN stack, including MongoDB, Express.js, React.js, and Node.js, with additional experience in Next.js and Python. I have a strong foundation in frontend development, backend API integration, database management, and software development fundamentals. I focus on building practical, user-focused solutions through real-world projects and continuous technical development.

EDUCATION

Bachelor of Computer Application, CCS University 2024 - 2027

SKILLS

Technical Skills	JavaScript, Python, C, C++
Frameworks/Technologies	React.js, HTML, CSS, Node.js, Express.js, Next.js
Tools	VS Code, Git, GitHub
Concepts	Data Structures, Algorithms, OOP, DBMS, Operating Systems

EXPERIENCE

Full Stack Developer June 2025 - Present
Freelancer *Delhi, India*

- Developed full-stack web applications using MongoDB, Express.js, React.js, Next.js, and Node.js based on project requirements.
- Designed and developed responsive frontend interfaces with a focus on clean UI and user experience.
- Built and integrated backend APIs to connect frontend applications with databases and application services.
- Worked with MongoDB for storing, managing, and retrieving application data.
- Handled application development from frontend implementation and backend integration to testing and deployment.
- Used Git and GitHub for source code management and maintaining project versions.

PROJECTS

See My Glasses. Developed a modern eyewear website with a clean product-focused interface, responsive design, and an engaging browsing experience tailored for an online glasses store.

Nike Website. Designed a clean, fast-loading website for Nike Shoes featuring responsive layouts, smooth animations, a Shop section, and a polished commercial interface.

Sweet Spot Bakery Built a responsive bakery website with organized product sections, ordering functionality, and an attractive interface designed for an online bakery business.

Gym Fitness. Crafted a modern fitness website with a responsive layout, engaging visual design, and structured sections for presenting gym and fitness services.

ACHIEVEMENTS

- **Bharat Shiksha Expo 2025 – (Winner)**
  Recognized as a Winner in CREATHON during Bharat Shiksha Expo 2025 for innovation and social impact with an AI companion project.
- **TechnoHack 2.0 – (2nd Position)**
  Secured 2nd Position in TechnoHack 2.0 for an AI-based project and received a Certificate of Appreciation and trophy.
